NOTIFICATION

Shimla-171002, the 26th May, 2016

No. FFE-B-C(15)-3/2005-III.—The Governor of Himachal Pradesh is pleased to notify the "HP Forest Department Revised Eco-Tourism Policy (Amended) - 2016 enclosed as Annexure -I (14-pages) approved by the State Cabinet vide Memorandum under Item No. 109 on dated 11-05-2016.

By order,
(R. D. DHIMAN),
Pr. Secretary (Forests).

HIMACHAL PRADESH FOREST DEPARTMENT

REVISED POLICY

ON

**DEVELOPMENT OF ECO-TOURISM
IN HIMACHAL PRADESH**

PREAMBLE

Himachal Pradesh, known for its rich natural heritage, is amongst the top tourist destinations in the country, both for national as well as international visitors. Recent estimates, place the number at about 160 lakh visitors –more than twice the State's population. However, much of the tourism related activity is concentrated in four major locations, Shimla, Manali, Dharamshala and Dalhousie. A majority of the visitors do not get an opportunity to experience the rich bio-cultural diversity contained in the many Forest areas, Sanctuaries and National Parks that comprise such a large part of Himachal Pradesh.

The Forest Department of Himachal Pradesh framed an Eco-Tourism Policy during 2005 to enable tourists to experience this natural heritage. This policy now needs revision, mainly due to the procedural requirements of obtaining clearance of Eco-Tourism sites under Forest Conservation Act, 1980 as per recent guidelines of the Ministry of Environment, Forests and Climate Change (MoEF&CC), Government of India. Some changes in the existing policy document have also been necessitated in the context of the evolving understanding of Eco-Tourism concepts and principles.

The Revised Eco-Tourism Policy 2016 aims at bringing the wilderness and virgin ecosystems of Himachal Pradesh closer to visitors and at the same time ensure adequate safeguards and systems for the protection and conservation of these natural resources. By involving local communities, the policy would help in increased livelihood opportunities as well as their involvement in awareness building, protection and conservation. It also envisages generation of financial returns which can be ploughed back into proper up keep and maintenance of the environment. It shall also promote greater understanding and appreciation for natural and cultural heritage.

The ongoing Eco-Tourism projects also need to be re-looked at and reviewed in view of the Central Ministry's guidelines on Eco-Tourism. It may be necessary to evaluate the on-going projects in order to decide on their further continuation after the culmination of the term of these projects.

2. CONCEPT

'Eco-tourism', in a very broad sense, means venturing into and enjoying nature in such a way as to assure that negative impacts on the cultural and natural environment are minimized and mitigated. It is, therefore, 'responsible' tourism, which, besides being ecologically and culturally sensitive, helps the local communities in realizing social and economic benefits.

This Policy is based on the understanding that involvement of local communities in eco-tourism would support their livelihood needs and consequently create a stake for them in the conservation of local culture, ecology, and environment.

3. VISION & OBJECTIVES

The vision is to preserve and protect the natural (both flora and fauna) and cultural heritage of Himachal Pradesh, provide opportunities to enhance livelihood of local people, generate resources for sustainable development and promote greater understanding and appreciation for this heritage through authentic Eco-Tourism initiatives.

The Eco-Tourism Policy would encourage a partnership between civil society (local communities, NGOs, academic institutions) as well as private enterprises/businesses and the State Government Departments of Forest, Tourism, Fisheries, I&PH, Power & PWD.

4. MISSION STATEMENT

To make Himachal Pradesh a leading Eco-tourism destination, with Eco-Tourism attracting at least 10% of overall tourists visiting the State by the year 2030.

5. PRINCIPLES

Eco-Tourism can be one of the most viable options for conservation of natural resources and sustainable development in a mountain State like Himachal Pradesh. It has to be executed mindfully, with the minimum impact to inspire cultural awareness, tolerance, and commitment to natural resource conservation. The following Eco-Tourism principles will form the basis of this policy:

As per Ministry of Environment, Forests & Climate Change, GOI guidelines, an Eco-Tourism project implemented in PPP mode, shall require prior approval of Central Government under the Forest Conservation Act, 1980, if it involves all or one or more of the following, namely,

- (i) De-notification of Forest land or apportion thereof.
- (ii) Breaking up or clearing of a forest land or portion thereof.
- (iii) Assigning any forest land or any portion thereof by way of lease or otherwise to any private person or to any authority, corporation, agency or any other organization not owned, managed or controlled by Government.
- (iv) Clearing of trees which have grown naturally in a forest land or a portion, for the purpose of using it for reforestation.

In case an activity requires prior approval of Central Government under the Forest Conservation Act, 1980, period of diversion, payment of NPV and eco-restoration to reclaim the site are governed by the provisions of the Rules and guidelines framed under the Forest Conservation Act 1980 and orders passed by various courts of law from time to time.

Such projects shall be allotted to the private sector through a transparent and competitive process. Guidelines issued by Ministry of Finance, Government of India for Formulation, Appraisal and Approval of Public Private Partnership Projects shall be broadly followed for greater transparency. The following stepwise procedure shall be followed.

a) Step-I: Project Identification- Selection of new sites

New Eco-Tourism Projects proposed to be taken up through PPPs may be identified through various channels and forwarded to the HP ECOSOC by Division level societies. The forest land to

be leased out for each project shall be maximum upto one (1) hectare and no felling of trees should be involved. HP ECOSOC will assess prima facie feasibility keeping in view relevant parameters of access, infrastructure, attractions, etc. and secure government approval to proceed further in the matter. This will involve engaging of consultants for project formulation, preparation of bidding documents and assisting in this process. The Himachal Pradesh Infrastructure Development Board (HPIDB) shall be asked to assist in this process as envisaged in the HP IDB Act and as per the instructions of the Finance Department issued from time to time.

b) Step-II: Approval of HPIDB to Final Project Proposal:

The HP ECOSOC through the Administrative Department shall secure approval of the HPIDB to the final shape of the project including the terms of concession agreement and period of concession. The project period be kept for 10 years which shall be reckoned from the date of commercial operations of the Project since at least a period of 6-12 months would be spent in getting all the clearances. The documents that would need to be prepared would, *inter -alia*, include the various agreements to be entered into with the concessionaire detailing the terms of the concession and the rights and obligations of the various parties. Typically, a PPP will involve the concession agreement that will specify the terms of the concession granted to the private party and will include the rights and obligations of all parties. There could be associated agreements based on specific requirements. The proposed RFP from prospective parties will also be got approved from the HPIDB.

c) Step-III: Approval of the project under Forest Conservation Act, 1980:

After the approval of the final project proposal by the HPIDB, HP ECOSOC shall get the diversion proposal prepared through concerned Divisional level/Circle level societies and seek prior approval of the competent authority under the Forest Conservation Act, 1980 in view of the MoEF & CC's guidelines in this regard. Payment of all the costs like Net Present Value (NPV), Compensatory Afforestation (CA) and other charges so required shall be borne by the HP ECOSOC for which the funds shall be sought initially as advance from the Government by the HP ECOSOC. Subsequently these funds shall be reimbursed by the HP ECOSOC to the H.P. Government in due course on finalization of the award and during period of commercial operations of the project.

d) Step-IV: Invitation of Bids and Bid Criteria:

Financial bids will be invited after approval of the project under FCA, 1980 has been obtained. An appropriate Concession Fee (reserve price) will be fixed as bidding parameter for the selection of best bidder. The qualified bidder who quotes the highest bid/price shall be selected for award of the project. Eligibility conditions for bidders will be as specified in the RFP as per criteria enclosed at Annexure-A. *For eligibility criteria, preference will be given to Himachalis.*

Step-V: Eco-restoration

- (i) Sites that shall be offered for Eco-Tourism projects shall be returned back by the entrepreneur after the project period as envisaged in the Concession Agreement is over. The entrepreneur shall pay eco-restoration charges as specified in the Concession agreements and any subsequent agreements mutually arrived at thereafter.
- (ii) Eco-restoration refers to the scientific practice of ecological restoration, which is the practice of renewing and restoring degraded, damaged, or destroyed ecosystems and habitats in environment by active human intervention and action.

- (iii) The idea is to bring back the site to its original condition (or as near to original as possible), through interventions designed to (a) mitigate the impacts caused by humans on forest lands and (b) allow/ supplement process of natural rejuvenation.

e) Step-VI: Distribution of Revenues generated through Eco Tourism:

- (i) HP ECOSOC and Divisional Level Eco-Tourism Societies shall act as the repository of all possible sources of funding, like grants from State Tourism Department, Tourism Department of GoI, HP State CAMPA and other such sources.
- (ii) HP ECOSOC and Divisional Level Eco-Tourism Societies shall generate resources from (a) levy of user charges/concession fee on eco tourism sites in PPP mode, (b) fees from van vihar, camps, treks, trails, film shooting, rest houses etc.
- (iii) Distribution of Revenue generated through Eco-tourism sites and use of government assets such as rest houses shall be as under:
 - a) **State Government Share:** 20% of the total revenue realized shall be deposited in the Government treasury.
 - b) **HP ECOSOC Share:** 20% of the total revenue realized shall go to the HP ECOSOC
 - c) **Divisional Level Eco-Tourism Society Share:** Remaining 60% revenue shall remain with the Divisional Level Eco-Tourism Society to implement the action plans and also for further sharing with the local Gram Panchayats/communities. Appropriate guidelines will be framed for this purpose.

f) Impact assessment studies, research and 'do not disturb' practices:

- (i) Impact assessment studies would be carried out at periodic intervals so as to ascertain impacts of eco-tourism on environment and remedial measures taken.
- (ii) Impact assessment studies would also be carried out to gauge the efforts being made for education and awareness about nature and ecology through eco-tourism.
- (iii) The number of tourists permissible shall be kept within limits. The carrying capacity concept will be the cornerstone of the State's Eco-Tourism Policy. Carrying capacity shall be determined for various eco-tourism products.
- (iv) Eco-tourism would aim to have low impact on environment and minimal infrastructure requirements.
- (v) Regulatory measures to ensure social, cultural and environmental sustainability as well as safety and security of tourists shall be enforced through appropriate instruments.
- (vi) There would be conscious effect towards poverty alleviation, employment generation and environmental regeneration.
- (vii) A set of 'do not disturb' guidelines would be issued for educating tourists, private enterprises so as to inculcate the right eco-tourism spirit, to minimize the use of resources for recreation and for general protection of nature.
- (viii) Research shall be undertaken in various facets of eco-tourism, with a view to encourage eco-tourism, minimize negative impacts, eco-restoration techniques and technologies and to offer better eco-tourism products including their marketing.

h) Status of Existing Eco-Tourism Sites and their future Management

- a) **Current Status:** The details of current status of existing sites each having an area of about one hectare is given in the table below:

Sr. No.	Name of site	Name of Promoter	Date of Initial Allotment & Rent(INR) Per annum	Date of allotment for next 5 years	Date of cessation of allotment	Current Rent Per annum (INR)	Variation in Rent (INR)

b) Basis of Renewal of these Sites

Renewal of operational sites was accorded on the basis of annual assessment reports of concerned Divisional Forest Officers which confirmed that a particular ecotourism project was

being carried out in accordance with the agreement and there was no damage to the forest land. Escalation in license fee was worked out as per the following formula:

$$\begin{array}{ll} \text{NPV} + \text{Enhancement} + \text{CA} + \text{ECOSOC expense} & = \text{Base Price} \\ \text{Base Price} + \text{Premium Ecolocation Charge (PELC)} & = \text{Final Escalated Price} \\ \text{Base Price (payable over a five year period)} & \end{array}$$

Renewal for a period of next five years in the year 2014 was accorded by Executive Committee of HP ECOSOC to five operational sites which were initially allotted on PPP mode in the year 2009. Potter Hill Site under Potter's Van Vihar Eco Tourism Society was initially given to a contractor under Management Contract Agreement and further renewed from time to time with escalation of 10-15% with the approval of Government.

c) Future Policy for Existing Sites - Impact Assessment Studies:

Impact assessment studies to evaluate the on-going projects shall be carried out immediately. Based on that, fresh project formulation is proposed by following the same process as already specified for new sites. The only difference will be in selection of PPP partner.

Swiss Challenge method will be used for allotment on the culmination of the term of the project. This will allow the existing partners (subject to their meeting eligibility conditions) to match a higher financial bid by any other person, subject to any minimum conditions of original bid amount specified in the RFP.
